

ARROW DESIGN

Welcome To

ADI

Arrow Design (ADI) having its head office in New Delhi is an emerging leader in the field of turnkey Highway Infrastructure Solution.

About Organization

Arrow Design (ADI) having its head office in New Delhi is an emerging leader in the field of turnkey Highway Infrastructure Solution.

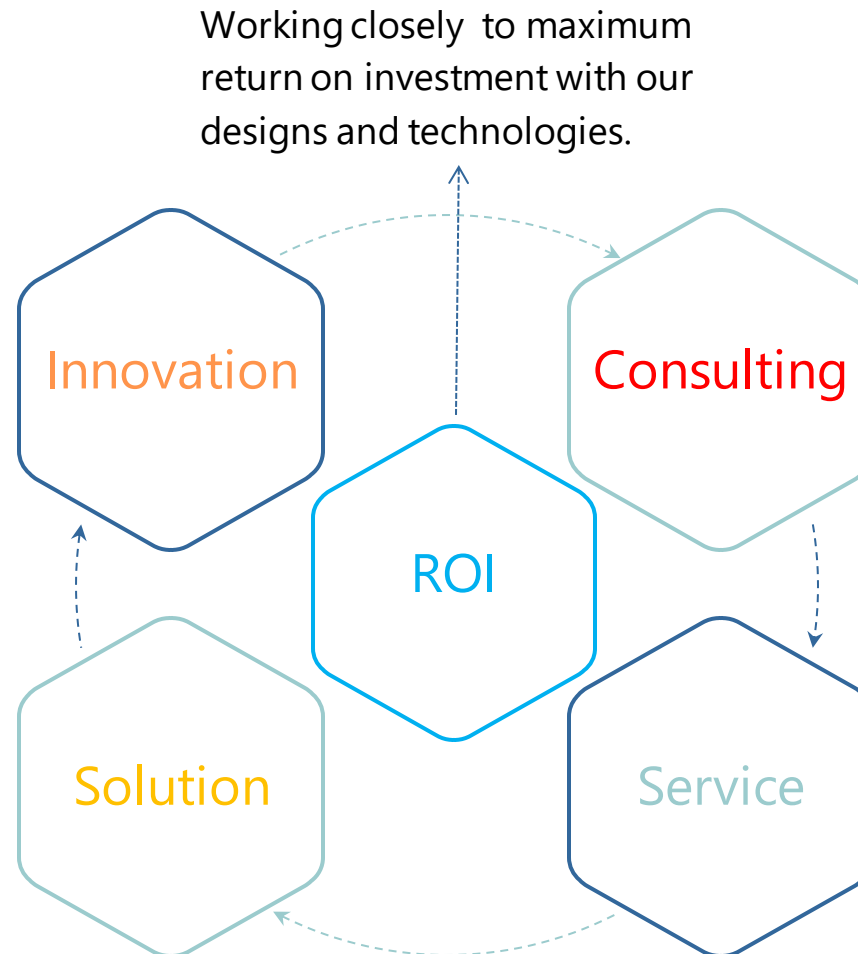

We have expertise in Architectural, Civil, Electrical Solution (including Solar based), Green Energy Solution and Intelligent Lighting Solution. Having experts from the industry in our team, we are further cementing our position in the industry and aiming to be the market leaders. At **ADI**, we are driven by the philosophy of Dynamic Engineering based on reliability. We attach immense importance to Security and Quality.

We have set up State-of-art Infrastructure facilities as per International Standards. We adapt the world's best technology with local knowledge and expertise to provide world class customized solutions.

• The DNA of ADI

It includes the most innovative designs and technologies for the efficient execution.

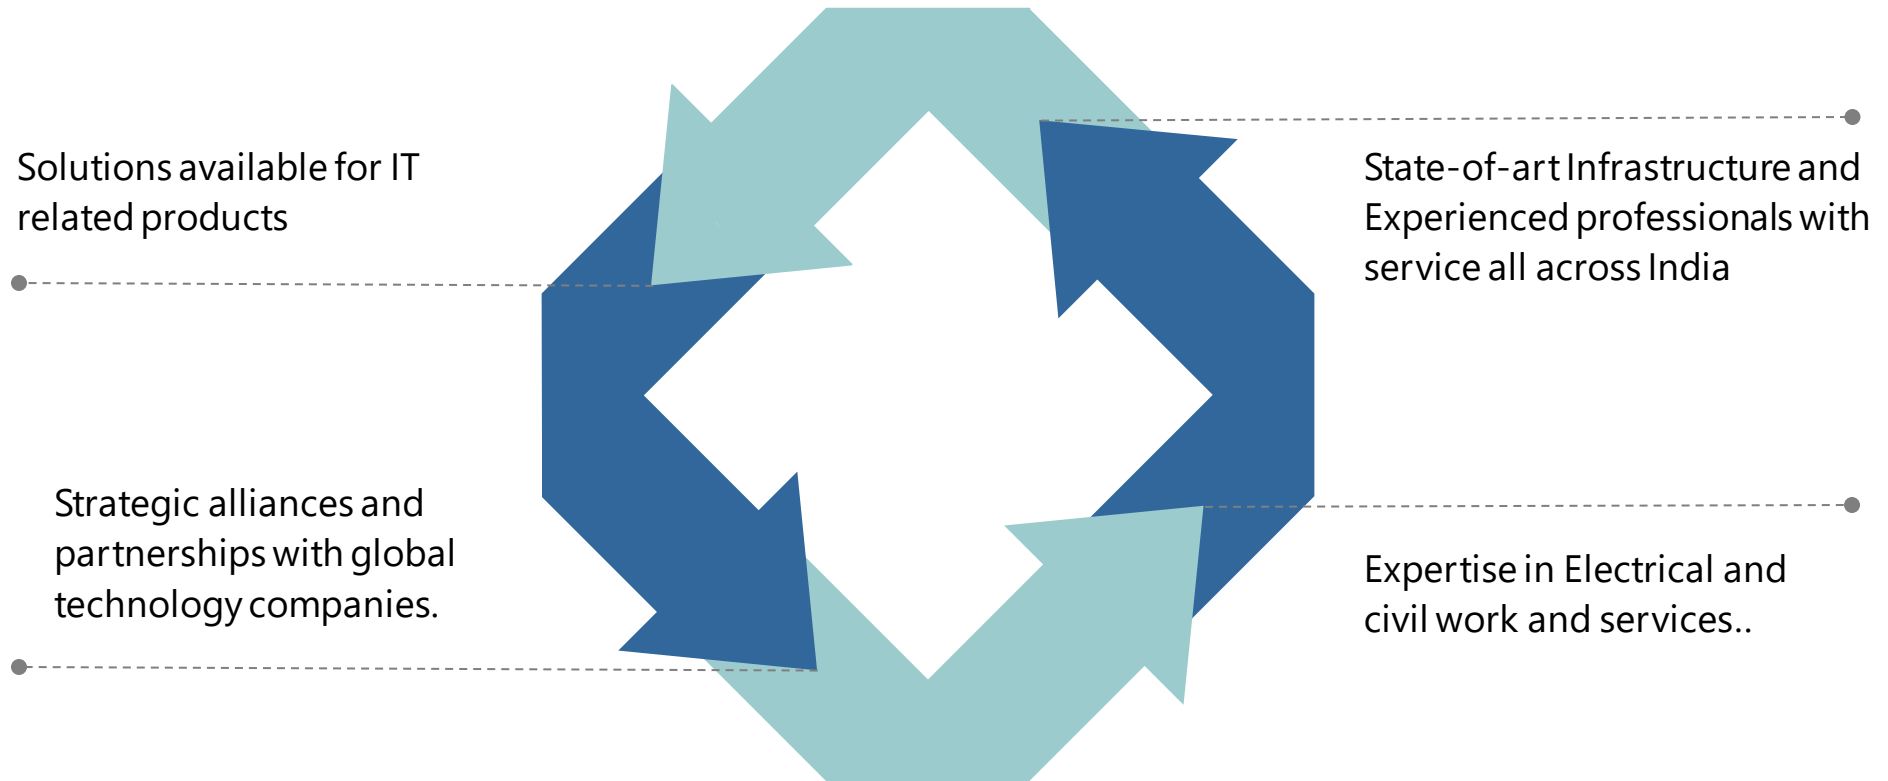

Delivering desired solutions.

Delivering experience with proper satisfaction

Surpassing any known expectations and delivering problem free reliable and user friendly services.

• Strengths

- Vision & Mission

To Setup Global Infrastructure Services and
Completely Satisfy Customers Needs
Profitably

To continuously improve and refine our
processes to make them efficient and
cost effective

- Services Offered

1

Intelligent Lighting Solutions

We ensure maximum energy savings while meeting or exceeding our customers lighting needs.

2

Electrical Solutions

Our experience and technical know-how assist in understanding the customer's need.

3

Civil Solutions

ADI with its dedicated and experienced professionals from the civil Industry offers turn-key Infrastructure Solutions

4

Green Energy Solutions

The Mission is to develop, promote and implement decentralized, cost-effective, renewable and sustainable bio-energy technologies to make the users energy self-reliant.

Intelligent Lighting Solutions

We provide Intelligent Lighting Solution through

- Maximum Energy Savings
- Innovative Technologies
- Customized Solutions
- Precision Optics

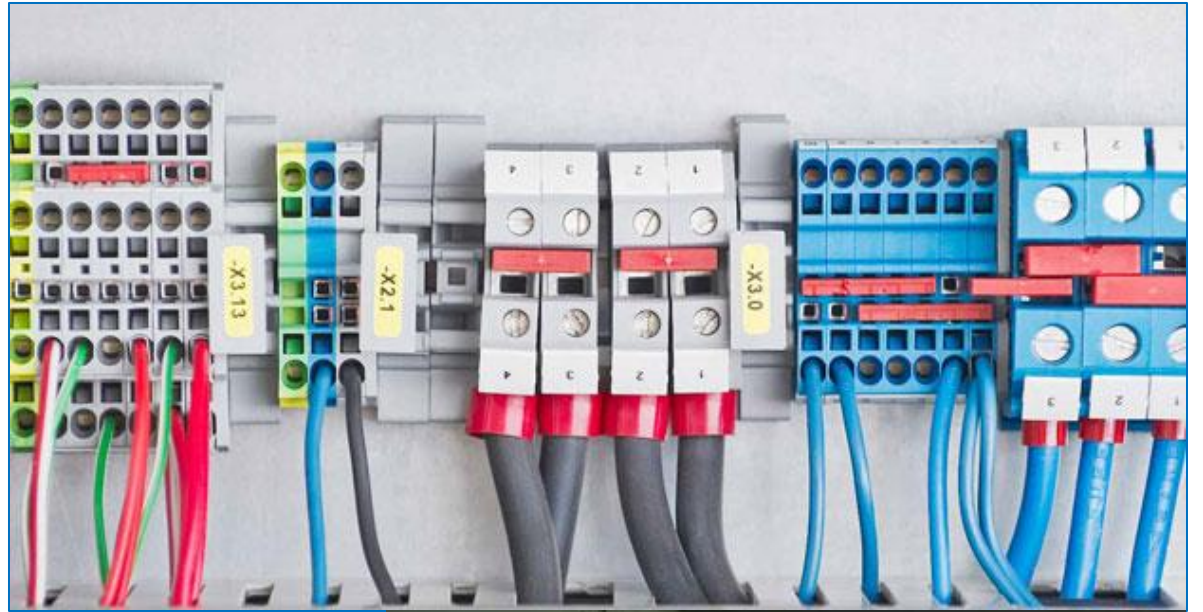

Green Energy Solutions

- The Mission is to develop, promote and implement decentralized, cost-effective, renewable and sustainable bio-energy technologies to make the users energy self-reliant.
- Green Energy Solutions is our small corrective step in right direction through improvisation of traditionally existing technologies, wherever feasible.

Electrical Solutions

- We ensure that our electrical lighting system design is optimum and economical, giving ample provisions for the further expansion needs
- Skilled workforce and all range of testing equipment's to ensure a timely, efficient and qualitative execution of projects as per industry standards.
- Services include : Supply and erection/installation of Street Light Poles, High Masts, Electrical Panels, MCB's and Terminals, Cables and Earthing Materials.

• ADI Advantage

1

One stop Solution for all your service needs.

2

Strong technology knowledge and Process Oriented

3

Financial stability to sustain a major share of your business.

4

Statutory and legal compliance audited company.

5

Backed by Skilled manpower and Highly experienced management.

6

Customer satisfaction with ethical and transparent operation .
